

**REMARKS**

In response to the Examiner's request, Applicants elect the following species for examination, which were outlined for Applicants to select from in the Examiner's Office Action of October 14, 2005:

In category A – Applicants elect that the projectile functions **with trace of flight**.

In category B – Applicants elect that light source **is in the visible light spectrum**.

In category C – Applicants elect that the electronic light source **is a high output light emitting diode**.

In category D – Applicants elect that the power source **is energized upon set back**.

In category E – Applicants elect that the projectile comprises an **opaque body**.

The newly added claim 48 is drawn directly to the elected species. Claims 1 – 47 are hereby canceled without prejudice.

If it is felt for any reason that direct communication would serve to advance prosecution of this case to finality, the Examiner is invited to call the undersigned at the below-listed telephone number.

Date: Jan. 13, 2006
